

FREE Online Marketing Strategies and Resources – Orel D.

Background and Overview I spend 2-3 hours a day, 4 days a week on my AllXClub business. I post at least 200 free classified ads on safelist and other sites every day I'm "working". I've 48 personally enrolled members and have over 300 total members in my organization in just 3 months without spending a dime! I just use the free advertising strategies and resource below ... then teach my members to do the same. "Keep it simple, keep it free, and just be willing to enroll 3". Teach others to do the same. Repeat every month. Don't stop enrolling! If you want to do more, please do. Treat it like a business ... not a hobby or a lottery ticket. **"The Power of Three"** * Enroll 3 per month so your \$39.95 Platinum membership is more than covered. * Help your 3 enrollee enroll 3 * Share the knowledge, pass along this email and duplicate! That's It...Just Keep It Simple... **Set-Up**

1. **Tour** - I always use the tour with "lead capture" (member Center – Account Settings – Promo Tour – Option 2) so visitors leave their names and email address ... and I follow up with emails ... beginning a relationship. (this is now updated so all sites can have lead capture)

2. **URL** – Create a custom website name that is easier to remember than

www.allxclubpro.com/(yourID). Examples – www.bestallxclub.com or www.allxclubteam.com Go to Moniker.com to check availability and purchase your web name.

If possible, choose a name that is ".com" instead of ".net" or ".info" or ".org". It will cost you about \$10 per year ... but this gives you a "branded" online presence people will remember. Here is how you set-up the re-direct of your new url name after you have purchased it from godaddy.com. In the [Moniker account](#), after you login, at the top of the screen click on Domains-->MyDomains. You will see your new web address. Click the checkbox to the left of name and at the top of the screen click "Forward". Select the box labeled 'Enable Forwarding. Enable masking'. Click "OK" and it's done. Within 24 hours (sometimes within a few minutes) your "branded" url will forward to your www.allxclubpro.com(yourID) address ... and you can begin promoting your "branded" web address.

NOTE: Do not use Godaddy they can, will and have taken sites away from people with adult content use only Moniker.

3. **Email Address** – Create a custom email address that is anonymous and easy to remember. Examples – allxsuperstar@gmail.com or myadultbiz@gmail.com ... if they match your new web name, that's great! Most online marketers use gmail (hosted by Google). It's free and offers a lot of storage space. You can also use hotmail, yahoo or any number of other free email resources. If you already have an aol account or other paid email account, you should be allowed to set up multiple accounts. Dedicate at least one to your AllXClub business.

Social Networking Join each Social Networking site (Facebook / MySpace / Wowzza / Zunzoo / DirectMatches) for FREE, then join MLM Groups, Business Networking Groups, etc. This is where you will meet like-minded people who either own a business or are

interested in owning a business. Understand that people who own a business are going to passionately present their opportunity. Always communicate courteously ... but don't get distracted or waste a lot of time jumping through other people's hoops. Look for individual members and send out a "Friend request".

Once friendship is accepted, send the follow up letter below. (Sample letter, please revise to your own preference...)

Not...S/E/X SELLS! Hi {firstname}, I'm not satisfied with watered-down results, promoting the same old Things a ba-zillion other folks are promoting. So, now I "ZIG" while Everyone else "ZAGS"! Ok, when a personal marketing friend of mine recommended this I asked him if he was nuts! Until he showed me some sobering numbers... First, so as not to waste each other's time any further, if adult content offends you, then just delete this right now and best of luck to you! Now, If you're still here perhaps you have enough of an open mind to look at something that will FINALLY make you the kind of money you've been dreaming of once and for all. I'll admit this was not really my cup of tea but I tried it and I simply can't believe the staggering numbers, hits, and commissions I'm getting, NO Bull! Here are the staggering numbers that just can't be ignored by any serious networker.

* FIRST & ONLY A-DULT ENTERTAINMENT CO. TO GO M/L/M ...THEREFORE... ZERO COMPETITION! * \$100+BILLION With a "B" A YEAR INDUSTRY * LAUNCHED A WEEK AGO * WE HAVE POSITION RIGHT UNDER MASTER DISTRIBUTOR * EASY 3X9 MATRIX FILLS & CAN PROVIDE SPILL * \$15 FAST-START BONUS ON THOSE YOU ENROLL - * 100% MATCHING BONUS ON THOSE YOU ENROLL * REMAIN COMPLETELY ANONYMOUS IF YOU WISH * INCLUDES YOUR OWN SITE , TOOLS, & TRAINING * 1 Out Of Every 7 internet clicks are Adult Related * 40 % Of ALL Web Traffic Is Adult Related * TOP PICK FOR 2009 BY M*L*M NEWS Actually, I'm kind of miffed that after bustin' my butt for so long that "this" is what would start to make me staggering commissions, but I'll take it! Hey, it's business. My response rates from my personal lists are at 30% and around 2%-14% for others. Heck, I've got folks getting in and building just from my spill-over alone! Why? Because while everyone is out there pushing the same old blasters, guru tapes & videos, text ad sites, lists & on & on... everyone ZIGS while We ZAG! You've heard this before and it's just plain fact.... S/E/X SELLS! So, if you'd like the link to take the tour that WILL change your life and you're at least 18, please e-mail me at this address: mtgne3@gmail.com With: "Yes send me your link" in the subject line and I'll shoot it right over to you. Be sure to check your bulk & junk folders if you don't find it in your inbox! Watch for an e-mail that says: Re: Yes send me your link. I'd put the link here but many list owners don't want us putting links to adult sites in our ad's so I ask that you understand my wish to respect that. Additionally, I don't want ANYONE who doesn't truly want to take a look at this life-changing info. So, if you're seriously interested you'll have to request it from me. Fair enough? Thanks so much for your time. Whether you join me or not is up to you, but I hope you do, I've made more in 3 weeks than most of you make in 6 months! To Your Success Always, ~Free At Last~

Craigslist / Backpage.com Open a gmail account. Use a catchy name instead of using your name on that account like "AllXTopEarner@gmail" if you haven't already. Then open a craigslist account. Once that's done, go back to your gmail account and set it on "vacation" mode and put this on your message box (see example by emailing me at mtgne3@gmail.com or EzGrowrich@gmail.com) that message will be sent every time someone responds to your craigslist ad. Examples of titles to use: _____S.E.X. Sells...HUGE- Money Maker..... _____Own a piece of the P.ORN Industry..... _____Get Paid HUGE in the P.ORN Industry.... Example of ad body I use: Own a piece of the 100 Billion Dollar Adult Industry... Never been done before...No Competition... Our Platinum Club members can earn over \$90,000+ a month.* For detailed info, Click on Reply Email above... (Check your email within 3 minutes both Inbox and Bulk/Spam for response) On the very bottom of the ad...keep clicking "ENTER" at least 15 times...so there's a big space between the actual ad and the random words so the readers won't even see the random words because it's too far down the page. Put random sentences or copy and paste from any articles The reason for all this is so you won't get flagged by craigslist for posting the same ads multiple times. Here's an example of one of my ads a few days ago...click on the link: <http://cambridge.craigslist.co.uk/fns/893453096.html> then scroll all the way down the ad and see what I'm talking about. Ad Titles - I use the same ad title the whole day. I just ad random alpha/numeric characters at the end so it's 40% different from one another. Example: =>> Huge Income...Adults Only.....htg3472983 =>> Huge Income...Adults Only.....plwn883025 Certain words get flagged like "millionaire", so use millionaire or "SEX", so use S.E.X.

Craigslist also tracks your IP Address. You can see your IP Address by going to myipaddress.com. I use my laptop w/ a wireless card (Verizon, at&t, sprint). Each time I turn the wireless service off/on, the IP Address changes. So I change IP every 9 postings. Gmail accounts get a new gmail account every 40 postings. This way, you can post about 150 - 280 ads a day to multiple cities, countries, categories... Post on JOBS section, under Sales, Marketing. If posting in US or Canada, post in smaller cities where there's no charge. Finally, use hopurl.com (free for 30 days) so you can track the number of hits and most importantly you're not exposing your real url. **Keep it Simple ... Keep it FREE...Keep Enrolling 3! Pass it down!**
